

Session Programme

Basel Convention COP-15

A collaborative approach to the effective implementation and enforcement of the
Basel Convention

*Organized by the European Union Network for the Implementation and Enforcement of
Environmental Law (IMPEL)*

This side event will look at how the development of good collaboration between the authorities of countries on different continents can strengthen the effective implementation and enforcement of the Basel Convention. By promoting exchange of knowledge and best practice and by carrying out joint enforcement action illegal traffic in wastes can be significantly reduced.
